RE: Grievance 2011.10 – Result of Investigation

Dear Cindy and Wendy,

I spent some time reviewing [REDACTED]'s file and other correspondence and did not discover that we sent a letter from Mr. Dobie to Mr. Gook dated December 16, 2009 that you claim was sent "...to be included in a neuropsychological assessment...".

I have attached three letters dated November 23, 2009, January 7, 2010 and March 29, 2010 which we wonder may be the letters you are referring to.

Any confidential letters between the investigator and the Superintendent that reference an investigation are not released to anyone. Mr. Gook would then have then been in touch with you to explain the resulting actions and decisions.

I would submit, there is no merit to this grievance and it therefore be withdrawn.

Yours truly,

Cynthia Stuart
